Dear Mark:

Hectare Commercial Realty has worked with Weston Consulting Group Inc. on a number of commercial and industrial development projects located throughout the western GTA, in particular, Mississauga, Oakville, Milton and Brampton.

On each of these projects, Weston Consulting Group has demonstrated a high level of professionalism, knowledge and thoroughness in addressing the needs of the client in a timely fashion. Weston has significant expertise in navigating the complexities of the development approval process. Their efforts to reposition various industrial and commercial sites have resulted in the addition of significant value and greater efficiency to each of the properties which we have collectively worked on.

I would enthusiastically recommend Weston Consulting Group Inc. to any landowner or developer who is considering reviewing their land assets to identify and implement potential value added opportunities.

Yours truly,
