

Weston Consulting Group, as part of the design team, was the recipient of the City of Vaughan, Urban Design, Environmental Green Award of Merit, 2008.

Environmental Green Award of *Merit*

"...with respect to the accessibility and layout of the open space system, the jury has praised this project exclusively for its efforts in preserving an important part of the natural heritage system and using innovative approaches such as a unique amphibian corridor supported by a wetland monitoring program to sustain the viability of a fragile ecosystem."
